The List of Participants is attached to this report.

II: OPENING CEREMONY

3. The Session was declared open by the current Chairman of the Council, Dr. Mamouna Malick TOURE, Minister of Foreign Trade of the People's Revolutionary Republic of Guinea. On behalf of the People and Government of Guinea, and the Supreme Leader of the Revolution and Head of State, His Excellency, President AHMED SEKOU TOURE, he welcomed Honourable Ministers, Distinguished Delegates and Observers to the Meeting. In his opening speech, the Chairman stressed the need for the Community, at this point in its existence, to intensify sub-regional cooperation and work towards the true integration of the economies of the States of the Community. This requires that each State honour its commitment to the Community and effectively implement the Acts and Decisions of the authorities of the Community. The Chairman also appealed to all delegations to take necessary action to ensure that their respective governments pay their outstanding contributions to the Community.

The text of the Minister's speech is attached to this Report.

III: ELECTION OF BUREAU

4. The following Bureau was elected :

Chairman	:	Guinea
Rapporteurs	:	Mali

 - (g) Finance Experts
8. Report of the Board of Directors of ECOWAS Fund
9. Any Other Matters

V. OUTCOME OF THE DELIBERATIONS

Consideration of the Reports of the Executive Secretary, the
Financial Controller and the External Auditors (Item 3, 5 and 6)

6. Council took note of the Reports presented by the Executive Secretary, the Financial Controller and the External Auditors.

7. Concerning the management of external financial assistance, especially that of UNCTAD, Council requested the Executive Secretariat to submit to the next session of Council a document on all aspects of this form of assistance. The document should be sent to all Member States before the end of January, 1984 and should indicate the volume, the form and mode of utilisation of funds received from external sources, as well as the relevant projects or the agreements covering this assistance.

8. As regards the payments made by the Executive Secretariat to UNCTAD for the project on computerisation of external trade statistical data of Member States, Council deplored the manner in which the transaction was effected and requested that in future such payments should be made strictly according to well-established financial procedures.

9. With regard to the problem of non-payment of contributions by Member States, which seriously affects the operations of the Institutions of the Community, especially the Executive Secretariat, Council recommended that the current Chairman of the Authority of Heads of State and Government should get in touch with his colleagues and stress to them the gravity of the situation. All delegations were also requested to brief their respective governments about the problem with a view to paying contributions and arrears outstanding.

10. Council decided that in future, the reports of both the Financial Controller and the External Auditor should contain, in addition to an account of the problems encountered in the preceding financial year, a record of the difference between

approved and actual expenditure over the preceding years, as well as the corrective measures taken.

11. Furthermore, the financial and management accounts and the record on fixed assets shall first be submitted to the Committee of Finance Experts for due consideration and the necessary recommendations to the Council of Ministers.

12. As regards the remuneration of the External Auditor, Council decided to maintain the fees at 14,500 UA and pay the External Auditor a lump sum covering the expenses incurred by him, while preparing his report, on the following basis:

- i) the audit period for the two Institutions is fixed at six (6) weeks. The period covers both the drawing up of the audit report and its submission to the Technical Commission and the Council of Ministers.
- ii) The External Auditor may be accompanied by the following members of staff:
 - Two (2) Accountants
 - One (1) Secretary
 - One (1) Clerk
- iii) The per diem for the six-week period shall be calculated on the basis of the per diem paid to Deputy Executive Secretaries.

The per diem of the members of staff accompanying the External Auditor shall be computed on the basis of the per diem paid to ECOWAS staff of corresponding category.
- iv) First class air fare for the External Auditor and economy class air fare for his staff shall be paid for by the Community.

13. On the question of the management of the Provident Fund, Council deplored the poor manner in which it was being handled and requested the Chief Executives of the Institutions of the Community to do everything possible to improve the situation.

14. Council further invited the Executive Secretariat and the ECOWAS Fund to make available to the Financial Controller quarterly bank statements of accounts.

15. The principle of subscribing to an insurance policy to guarantee the Community's household furniture and equipment in the residences of staff members was rejected. It would be incumbent on the beneficiaries of such assets to assume responsibility for their safety.

16. Council rejected the proposal by the External Auditors that the Financial Controller should be a co-signatory to Community accounts outside the Community.

17. Council also decided that the chapter on "contingency" contained in the Budget proposals should be maintained and that the utilisation of the relevant appropriations should be strictly limited to expenditure not specifically provided for in other sections of the budget. It was stressed that the transfer of funds from one Chapter to another must be done with the prior approval of the Chairman of Council, in conformity with the provisions of the Financial Regulations.

18. The Chief Executives of the Executive Secretariat and the Fund were requested to prepare the accounts and financial statements for the 1983 Financial Year by February 1984, and place them at the disposal of the External Auditor within that time limit.

Implementation of Decisions by Member States (Item 4)

19. On this Item, Council once again observed that the implementation of Acts and Decisions of the policy-making bodies of the

Community had been rather slow. The Executive Secretariat was requested to send on time a list of all Acts and Decisions of the policy-making bodies of the Community to Member States to enable them report to Council the progress made on their implementation. Each Member State would have to prepare progress reports on the application of the Acts and Decisions of the Community to be presented to the appropriate Commissions. The Executive Secretariat would then prepare a summary document to be submitted to each session of Council. Where any Member State encounters difficulties with the application of Acts and Decisions of the Community, it may appeal to the Executive Secretariat for necessary assistance.

Reports of Technical Committees and Commissions (Item 7)

Committee of Experts on Staff Regulations (7.a)

20. The report on the work of this Committee submitted by the Executive Secretariat, was adopted. Article 38 of the Draft Staff Regulations was amended by Council to read as follows:

"ARTICLE 38: MATERNITY LEAVE
(OLD ARTICLE 43)

A female staff member :

- (i) shall be entitled to absent herself from her duties six weeks immediately preceding the date of confinement upon producing an acceptable medical certificate that her confinement will probably take place within six weeks;
- (ii) shall be excused from working during the six weeks following confinement. In any case, the staff member will be entitled to a total of twelve weeks' leave;
- (iii) shall receive maternity leave on full pay for the entire duration of her absence in accordance with the above provisions."

21. The new draft text of the Staff Regulations was adopted, therefore, and will come into force on 1st January 1984.

Trade, Customs, Immigration, Money and Payments
Commission (7.b)

22. The report was presented by the Chairman of the Commission and adopted without amendment.

Joint Meeting of Trade, Customs, Immigration, Money
and Payments Commission and the Industry, Agriculture
and Natural Resources Commission (7.c)

23. The report of this Joint Commission which considered the Draft Protocol on Community Enterprises was presented by the Chairman of the Meeting.

24. The attention of Council was drawn to the fact that the relevant documents on this matter had been made available to each delegation, and were to be forwarded to their respective national authorities for careful consideration with a view to discussing them at the next meeting.

Industry, Agriculture and Natural Resources Commission
(7.d)

25. The report presented by the Executive Secretariat was adopted by Council after an amendment by the delegation of Niger requesting that the Tarna Seed Centre be replaced by the Lossa Centre (Niger).

Transport, Telecommunications and Energy Commission (7.e)

26. The report presented by the Executive Secretariat was adopted with the following amendments:

"It is to be understood that Member States will be responsible for financing the Sorting Centres."

Council agreed to recommend to the Authority that the title of the Commission be amended by replacing the word "Telecommunications" with "Communications" in paragraph 1(c) of Article 9 of the Treaty.

Committee of Governors of Central Banks (7.f)

27. The report presented by the Executive Secretariat was adopted by Council, which also approved the terms of reference of studies to be carried out in the area of monetary cooperation.

Committee of Finance Experts on the Budget of the Secretariat (7.g)

28. Council expressed serious concern at the very high rents which place a great strain on the budget of the Executive Secretariat.

Council, therefore, strongly appealed to the Federal Government of Nigeria to give the Executive Secretariat every assistance needed to resolve the problem.

29. Furthermore, Council considered that the smooth functioning of the Community depended in large measure on the type of facilities offered by the host country of the headquarters. The Executive Secretariat was consequently requested to produce a detailed report for presentation to Council on all the difficulties resulting from the fact of it operating in Lagos.

30. In order to assist in arriving at a satisfactory solution to the problem of high rents, the Executive Secretariat was requested to prepare for the next session of Council a detailed report on the following alternatives:

- 1) payment of a housing allowance to professional staff;
- 2) construction of staff quarters.

31. With respect to the issue of Headquarters Agreement, Council decided after a lengthy debate, to appeal to the Federal Government of Nigeria to have this Agreement signed within the shortest possible time.

32. Council decided, that as in the case of the Fund, the sum of 10,000 U.A. be included in the Secretariat's budget for training, and that the provision for maintenance of staff quarters be deleted from the budget of the Fund.

33. The 1984 budget approved for the Executive Secretariat amounted to the sum of 6,536,129 U.A., for both Revenue and Expenditure.

Report of the Board of Directors of the Fund (Item 8)

34. This report was adopted by Council. The Chairman of Council was mandated to rectify the total for the ECOWAS Fund Budget for 1984, taking into account the modifications made to the estimates for the Heading "Maintenance of Residences".

35. Council also decided that pending consideration by the Board of the Memorandum from the Managing Director of the Fund on the inclusion in the budget of provision for a Treasury Department, the status quo be maintained, whereby the Treasurer would retain all the benefits of his office but will be accountable to the Director of Finance. Ghana and Nigeria expressed a reservation on the issue.

Any other matters (Item 9)

36. No issues were raised under this Item of the Agenda.

Date and Venue of Next Session of Council

37. The next session of Council would take place in Conakry at a date to be fixed by the Chairman of Council.

Adoption of Report

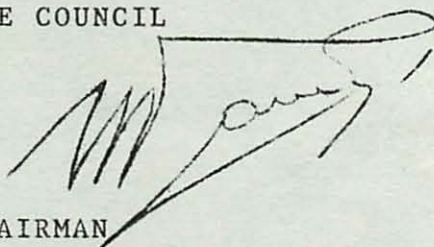

38. This Report was adopted.

Closing Session

39. In his closing speech the Chairman of Council expressed his satisfaction with the encouraging results achieved at this Session. He expressed the hope that all Member States would do everything possible to ensure a diligent application of the Acts and Decisions of the policy-making bodies of the Community.

"The Transport, Communications and Energy Commission".

DONE AT CONAKRY, THIS 26TH DAY OF NOVEMBER, 1983

THE COUNCIL

Honourable Ministers,
Mr. Executive Secretary,
Distinguished Delegates,
Ladies and Gentlemen,

It is my pleasure once again to welcome you to Guinea, on behalf of the People of this country, of its Party-State and of the Supreme Leader of the Revolution, President AHMED SEKOU TOURE. I performed this same office only a few days ago, and today I would like to reaffirm the total preparedness of the Guinean People to make your stay in our Capital, Conakry, as pleasant as possible.

Once again I crave your indulgence for the inadequacies which you are sure to have noticed in the facilities which you have been offered here.

The holding at once and the same time, in Conakry, of the 12th Congress of the Democratic Party of Guinea, and of the different ECOWAS meetings have, in effect, created a great number of problems.

The meetings of experts and the meeting of the Board of Directors of the Fund are over, and we are about to begin the session of the Council of Ministers. I feel I should, at this juncture, give you my overall impression of these proceedings, for it has been very much on my mind. I feel we are going slowly - much too slowly. We have held a great number of meetings at considerable cost both to the Executive Secretariat and to our different Member States. I cannot help thinking, however, that despite the sacrifices made by our toiling masses, the results of our endeavours here are well below the level of our hopes and expectations.

We have taken the decision to act in concert, working towards economic integration, towards the revitalisation of exchanges of all kinds, secure in the conviction that only thus can we achieve the development of our states.

We have all therefore embraced the noble ideals which we feel reflect the legitimate aspirations of the Peoples who have given us mandate to strive for their welfare. We must acknowledge, however, that when we come together at these meetings, the unity of action to which our peoples aspire, is sadly absent.

We have to acknowledge that it is with great difficulty that we come to agreement on those concrete achievements which would enable us to present results - however limited - to those who have placed their confidence in us, and made us the propelling force in the drive towards development.

I should therefore like, at the beginning of this session to appeal to your spirit of understanding and stress the need for us to constantly bear in mind the objectives of unity and economic integration which we fixed for ourselves and also remember that it is imperative for us to satisfy the legitimate development needs of our peoples.

No real progress has been made in respect of our programme of activity which includes trade liberalisation and promotion, immigration problems and development in the fields of Agriculture, Industry, Transport and Communication etc. We must therefore try to bring this period of stagnation to an end.

However, the major problem before us is that of obtaining funds. The Secretariat is not receiving contributions from Member States and it therefore finds itself in a very critical financial situation. It is quite obvious that this non-payment of contributions will only hold up the activities of our organization.

This is why I wish to make a special appeal to all Delegates to urge their respective Governments to pay up their contributions.

Finally, I should like to solicit your cooperation in assisting me to conduct the proceedings of this meeting successfully.

I extend to you once more the sentiments of friendship of the People of Guinea and declare the 14th Session of the ECOWAS Council of Ministers open.

Thank you.
